

# BX2061A-6

## Clip-Lock Cover

Fuses and relays are safely placed to facilitate the replacement of burnt and dustproof debris.

## Large-capacity Placement of Relays and Fuses

## Large capacity storage box

The large capacity design can accommodate five Bosch type 5pin relays, one rtt7121 4Pin relay and six ATC / ATO blade fuses.

## Chamfer design

Each side is designed with a chamfer, which will not scratch your fingers during the installation process.
